Mayor

This is Michael Ryder, Clerk of the Village of Hewlett Harbor with an important message regarding the Village Road Paving Program.

Please note that actual asphalt paving will commence on Harbor Road, Thixton Drive, Channel Drive, Schenks Lane and Everit Avenue beginning Wednesday, November 16, 2016.

Please keep an eye out for notices that will be delivered to your home by Pratt Bros. Paving Company for the actual days of paving closest to your home.

During this paving process **NO ON STREET PARKING** will be permitted when the paving work is being conducted nearest to your home. If you will need to use your car, we advise all vehicles to be removed by 7:00AM.

Additionally, portions of the roadway in and around the paving operation will be subject to full and / or partial road closures on a sporadic basis.

Please note that when asphalt has been put down in front of your home, you will not be able to drive over the asphalt for 3-4 hours. This means you will not be able to exit or access your driveway when the asphalt is being put down in front of or near your home. This will allow for the best finished asphalt product. Vehicles may return to normal travel routines after 6:00PM

Please note pumping of chlorine water can be damaging to the newly paved asphalt roads. Pumping of pool chlorine water will not be permitted.

Thank you in advance for your patience and cooperation during this road improvement process.

If you have any questions, please don't hesitate to call Village Hall at 516-374-3806. Thank You.
